

## **Skinwalker Ranch**

### Question:

Hey Bob, can you tell us what's really going on at skin-walker ranch?  
It's located approximately 512 acres southeast of Ballard, Utah.

### Answer:

It would take too long to give a full explanation of skin walker ranch but there are, naturally, around the Earth, areas, due to the rock formations, subsoil etc., that have what are referred to as magnetic anomalies.

In fact, this magnetic effect is a changed form of gravity, which is why the link between our world and the etheric world thins at those places.

This allows beings of all sorts to enter Earth's atmosphere more easily.
